Lund University’s internal management rules for project applications to the Marcus and Amalia Wallenberg Foundation and the Marianne and Marcus Wallenberg Foundation. Application deadline: 1 April 2017.

Project applications to the Marcus and Amalia Wallenberg Foundation (MAW) and the Marianne and Marcus Wallenberg Foundation (MMW) are to be prioritised by the Vice-Chancellor of Lund University (LU). The present management rules contain a timetable for the internal prioritisation of project applications with a principal applicant from LU. They are based on the current information available and may be revised if new information is forthcoming from the foundations.

Guidelines for project applications
MAW and MMW support research projects of high scientific potential. The projects are to be focused on a cohesive issue and be of the highest international standard. Prioritised projects are to cover new research areas and cross-boundary research, with a leaning towards IT and digital media.

MAW primarily awards grants to projects within the humanities and learning. A normal project for MAW should have a budget between SEK 1 to 5 million with a project period of three to five years.

MMW primarily awards grants within law, economics and the social sciences. A normal project for MMW should have a budget between SEK 3 to 10 million and a project period of three to five years.

For more information, visit the foundations’ websites: MAW and MMW. Read the foundation’s information carefully before writing your Letter of Intent (LOI) and the accompanying application. The formal requirements are to be met in order for the application to be assessed.

LU’s policy for applications
The applicant may reapply once with the same project idea provided that the university-wide Research Board finds that the potential to answer the research question has essentially increased in comparison to the original project application, for example through preliminary results.

Contact people
School of Economics and Management: Frédéric Delmar (frederic.delmar@fek.lu.se). Faculties of Humanities and Theology: Johannes Persson (johannes.persson@fil.lu.se). Faculty of Law: Xavier Groussot (xavier.groussot@jur.lu.se). Faculty of Social Sciences: Ann-Katrin Bäcklund (ann-katrin.backlund@keg.lu.se). Other faculties: contact the relevant faculty office. Research Services: Tina Trollås (tina.trollas@fs.lu.se). Any questions to MAW and MMW are to go via the foundations’ contact person, Tina Trollås, Research Services.

</table>
Appendix 1. Content of Letter of Intent and CV
The Letter of Intent (LOI) and CV are to be written in English. Use font size 12.

Send the LOI and CV compiled in a single PDF with the file title: MAW_LOI_surname of principal applicant or MMW_LOI_surname of principal applicant.

The LOI is to consist of no more than 5 A4 pages

The LOI is to contain:
• Name of the foundation the application is to be submitted to.
• Name and home organisation of the principal applicant and co-applicants at the start of the text.
• A short description of the project. Structure the text according to the tradition within the area of research, but always include the project’s aim and goals, research issues, method, theory and project group. Clearly indicate the project’s novelty value and its cross-boundary nature.
• A simple budget. Specify the project’s total cost, and costs for salaries, travel, other costs and overheads. A complete budget according to LU’s Wallenberg template is not required at this stage.
• A sentence in which the applicant certifies that the head of department has been informed about the project and supports it. NB: it is important that the head of department has been informed, as we do not know the extent to which the foundation will cover the overheads. If the application is successful, it is likely that the department must co-finance the overheads of the project that are not covered by the foundation.

CV – maximum of 2 A4 pages (template attached) plus a list of 10 selected publications per applicant.

Appendix 2. Complete application
The complete application to be sent to Research Services is to contain the following:

• All parts of the application according to the MAW/MMW guidelines:
  o Project description
  o Swedish popular science summary
  o English summary
  o Budget of the amount applied for, submitted in the foundation’s template (Excel)
  o CV and list of 10 selected research publications by the principal applicant and co-applicants
• A co-financing certificate signed by the head of department. This is NOT to be sent to the foundation. It is to ensure that the department has accepted the budget. This also applies to co-applicants from outside LU.

Minor adjustments can be made after the complete application has been submitted to Research Services.
All documents, with the exception of the budget file (Excel), are to be emailed in Word format. Use the file title format of three-letter foundation acronym followed by the principal applicant’s surname. It is recommended that you log in to the MAW/MMW portal for e-applications at an early stage, in order to see the application format.

Appendix 3. CV template
